Joey K. McCoy

3240 Peel Rd ⋯ Burlington, KY, 41005 ⋯ (859) 630-8394 ⋯ jkmcco02@louisville.edu

Objective: *To obtain an MBA at the University of Louisville*

Education

University of Louisville, Louisville, KY	Graduation Date: May 2016

Bachelors of Science in Business Administration, Major: Computer Information Systems
GPA: 3.31 (3.925 GPA, Fall 2015)

Professional Experience

Great American Insurance	Cincinnati, Ohio	May 2015 – August 2015

Junior Developer Intern
- Gained invaluable experience in the field of software development and increased my knowledge of several technologies.
- Worked in an agile development environment and participated in daily scrums and biweekly sprints.
- Successfully completed a summer-long development project that helped other developers quickly look up information about web services.

MECS Enterprises	Cincinnati, Ohio	March 2011 – January 2014

Vendor
- Sold products to customers at sporting events, concerts, etc. and brought in $1,500-$2,500 of revenue each week.
- Applied excellent communication skills with patrons while on the job, allowing me to be one of the top sellers in the company.

UPS	Louisville, Kentucky	September 2012- January 2013

Package Loader
- Loaded various packages into feeders on the 3rd shift next-day-air operation
- Displayed great teamwork while working with several other employees in order to finish nightly operations
- Received an end-of-semester bonus for successfully completing a semester of working 3rd shift while balancing a full-time college schedule (Fall 2012, Freshmen year)

Technical Skills

Computer Programming Languages: Java, C#, JavaScript, AngularJS, HTML5, CSS3, Bootstrap
- Experience developing mobile applications for Android devices
- Experience developing web applications and web pages

Databases: Microsoft Access, SQL Server, MongoDB (NoSQL)

Applications: Microsoft Office (Word, PowerPoint, Excel), Microsoft Visio, Visual Studio, IntelliJ, Android Studio

Technical Writing: Case Studies, Use Cases, Use Case Diagrams, Sequence Diagrams, Class Diagrams
